House Bill 4451 (Substitute H-1 as reported without amendment)
Sponsor: Representative Julie Calley
House Committee: Health Policy
 Ways and Means
Senate Committee: Health Policy and Human Services

CONTENT

The bill would amend the Insurance Code to prohibit an insurer that delivered, issued for delivery, or renewed in the State a health insurance policy that provided coverage for prescription eye drops from denying coverage for a refill of the prescription if the following applied:

- For a 30-day supply, the amount of time had passed within which the insured should have used 75% of the dosage units of the drug according to the prescriber's instructions, or 23 days had passed after either: 1) the original date the prescription was distributed to the insured, or 2) the date the most recent refill was distributed to the insured.
- The prescriber indicated on the original prescription that additional quantities were needed.
- The prescription eye drops prescribed by the prescriber were covered under the health insurance policy.

Proposed MCL 500.3406u

Legislative Analyst: Tyler VanHuyse

FISCAL IMPACT

The bill would have no fiscal impact on State or local government.
